

IN THE WOMAN'S WORLD

CALIFORNIA WOMEN

MAKE PLANS FOR FAIR

[Special Star-Bulletin Correspondence]

SAN FRANCISCO, Oct. 23. — With the summer playtime and rest over, the women of California are turning their thoughts in definite shape to the things that will make for the success of the Panama-Pacific International exposition, which is as important to the people of the farthestmost corner of California as it is to those in San Francisco and the Bay counties.

Pursuant to the important matter of organization the members of the woman's board are securing representatives in every county of the state whose duties will be to get the cooperation of the women in every city, town and hamlet in their respective jurisdictions.

Outside of the responsibilities that will go with the office of county chairman, interesting personal relations will be established between the California women at large and the members of the woman's board. Later will come the direct connection with the exposition.

Each county chairman will appoint an advisory board and a chairman for each community who in turn will appoint her co-workers. All these representatives will concern themselves with securing associate members at one dollar a year and with work for the benefit of their respective counties. At the time of the exposition they will cooperate with the woman's board in dispensing hospitality to California's visitors. A badge for members is being designed.

Among the women who have been appointed county chairmen are: Mrs. F. M. Angeliotti, Marin county; Mrs. John Johns, San Mateo county; Mrs. Charles M. Belshaw, Contra Costa county; Mrs. W. F. Engelbright, Nevada county; Mrs. E. H. Himmann, Butte county; Dr. Ida Lathrop, Malpas, Mendocino county; Mrs. W. W. Phillips, Fresno county; Mrs. A. Caminetti, Amador county; Mrs. Thos. Flint, San Benito county; Mrs. E. D. Buss, Bakersfield county, for Kern county; Mrs. G. F. Getchell, Calaveras county, and Mrs. James H. Sherer, Colusa county.

NOTED WOMAN AVIATOR MAY FLY IN HONOLULU
Blanche Stuart Scott, now probably the best-known feminine aviator in America and who has been doing sensational work for the last two years, may essay some flights in Honolulu in the near future. She will pass through here en route to Japan, where a series of exhibitions are being arranged by Jack Hall, her manager. From that country she expects to go to Berlin, Paris and London, flying at each place, after which she may attempt a flight across the English channel, both ways, before returning to the United States.

Miss Scott has appeared in public flights in California, New York and Massachusetts, in two instances going up on the day following fatal accidents to other aviators on the same field. Miss Scott, before the aeroplane became the "rage", was a noted motorist, being the first woman to drive her own car from New York city to San Francisco. She says she fully expects some day to meet the fate that seems eventually to come to all the present-day aviators.

WHAT WOMEN ARE DOING

There are well-equipped Government schools for girls in every large city in China, and they are springing up like mushrooms in almost every province. Only a few years ago the education of women was declared to be destructive of all womanly qualities. Now the young men refuse to marry uneducated girls, and the new franchise laws impose an educational qualification on men and women.

In India, side by side with the growth of national ideals and aspirations, the woman question grows steadily in importance. Not only in the quickly increasing percentage of girls attending school is the new spirit in evidence, but in every department of social life. Clubs are being started, women's periodicals launched, philanthropic activities undertaken, and societies formed for discussing civic problems, all carried on by Indian women for Indian women.

The American life insurance companies in recent convention, declared that since women have begun to approach a stage of social, economic and financial independence they must be considered as good "risks" as men.

A member of the Illinois Legislature voted against a bill for the benefit of women and children, the merits of which were explained by Jane Addams and other experts, and is quoted as giving as his reason for opposing the bill the fact that "the speakers were just a parcel of women."

The Ministerium of Belgium has announced that all women employed in the mail service shall be placed on an equal basis with the men employees.

The election of Mme. Seno Kin to the presidency of an important bank in Tokio marks the change which has come to the Japanese women in recent years.

The annual report of Miss Mary MacArthur, secretary of the Federation of Women Workers of England shows that last year the membership of the union increased by over 50,000.

JAMES-DOWNEY WEDDING HELD SATURDAY NIGHT

Miss Vera Downey and Mr. William W. James were married last Saturday night at the bride's home, Magazine and Prospect streets. Father Stephen of the Catholic Cathedral performing the ceremony. Fifty guests were present, and after the nuptial rites an informal reception was held in the Kukulhaale; Miss Mary McLane, San

home, which was prettily decorated in flowers and ferns, the green and white color scheme predominating.

Miss Mabel Mildred Kempster was maid of honor, and Miss Ethel James and Miss Cora James were bridesmaids. George Wilkinson supported the bridegroom and Fred Frederickson and F. James were ushers.

Mr. and Mrs. James will make their home in this city.

ENGAGEMENT ANNOUNCED

The engagement has been announced of Henry F. Damon to Mrs. Gertrude M. Damon. The wedding will shortly take place.

MAUI NOTES

[Special Star-Bulletin Correspondence]

WAILUKU, Oct. 18. — Thursday afternoon between four and five Duke Kahanamoku with three or four other swimming members of the Hui Nalu Club swam from the old wharf in Kahului Harbor to the lighter that was anchored alongside the Claudine wharf. Several hundred people witnessed the feat of the young men, and were pleased with the exhibition of strokes that the Duke gave. He gives his final exhibition at the Puu-nene club tonight.

Fifty-five hundreds of rain fell at the Haleakala Ranch last week on Friday night. This was the first rain since the sixth of April in this region. The drought in Kula has been unprecedented, as far as the oldest residents know. The pipe line through Kula is now running full again, because of recent showers. Rain has fallen nearly every night for the last ten days, so it looks now as if the terrible drought on Maui had at last been broken.

Trees are about to be planted on the road from Spreckelsville to Paia. This action on the part of Captain Bal of the Road Board will help to make this Paia-Wailuku road one of the beautiful drives on Maui. The macadam is being laid on the road from Paia toward Spreckelsville. The improvement already is very great.

Mr. and Mrs. C. G. Burnham of Lahaina, Mr. and Mrs. George Gibb of Olowalu were Wailuku visitors this week.

The dedication of the new Hongwanji Temple in Lahaina on last Sunday was a great event. The whole town was in gala attire. The high priest from Honolulu was present as well as all the priests from Maui. The procession carrying from the Hotel to the new Temple the image of the god Buddha was one of the most striking displays of the kind ever seen on Maui. It is said that the Japanese people had special costumes made for the occasion, and that they cost a large sum of money. Such an event had never before been witnessed in Lahaina. Japanese came from all parts of the island to attend the ceremonies.

10-YEAR CASE YIELDS

We copy the following from a letter from D. O. Robinson, Spartanburg, S. C.:

"I called on Mr. J. A. Thompson, who was afflicted ten years ago with chronic Bright's Disease. It gradually grew worse until two years ago he was bedridden. Son and family gave up hope. Tried the Renal Compound, using about a dozen. Now up and much improved. Is well known. You can use this item, as he gives this privilege. His son is a prominent dentist."

There is no question about this patient having the chronic and supposed incurable form of kidney disease. Some late writers declare the sixth month puts the disease over the dead line. Physicians declared the chronic stage in this case was established ten years ago. Also note that patient was bedfast for two years before taking the treatment. This makes up a hopeless case under the old regime.

We have declared over and over that there is some hope in even old and extreme cases, for some of them yield as in the above instance.

What excuse can be given for holding people who have chronic kidney disease to almost certain failure on Digitalis, Nitro-Glycerine and Balsam's Mixture when there is hope through the simple addition of this new bland and simple treatment. It does not conflict with physicians' prescriptions. Cases not serious enough to be in the hands of physicians often yield to Fulton's Renal Compound unaided. We desire to hear from and advise with cases not yielding.

Honolulu Drug Company is local agent. Ask for pamphlet.

John Arbuckle, the coffee and sugar man, who died last March, left a \$30,000,000 fortune, or one-third of the interests held by the company. Two sisters inherit the money.

Brown's Bronchial Troches,

for a dry cough there is nothing better. Instantly relieves throat troubles, hoarseness and coughs.
